Zeyad A. Karam received a B.Sc. degree in Control and System Engineering and a M.Sc. degree in Mechatronics Engineering from the University of Technology, Baghdad, IRAQ in 2011 and 2014, respectively. He was working with the Department of Computer Science, Hayat Privet University for Science and Technology, Erbil, in 2014-2015 and he worked with Lebanese French University in 2015-2016, Erbil. Currently, he is working as a fulltime Assistant lecturer at the Department of System engineering- IT Collage- Al-Nahrain University, Baghdad. Finally, he is a member of syndicate of engineer (Iraq) since 2011.
